

EEX Asia Pte Ltd is looking to recruit a Market Operations Manager

Market Operations Manager

This key role requires an individual of excellent caliber and with experience with commodity markets who will contribute to the EEX Group's continued growth in Asia.

Your Tasks

- Managing a team of market operators supporting Asian and European commodity markets
- Pre and post trade management of all market activity
- Maintenance of all static related data of the trading platform
- Performing client sign-up, KYC and AML and account opening procedures
- Managing the client rebate program
- Assisting market participants with queries and client support
- Producing reports and data analysis for both internal and external parties
- Managing system UAT testing
- Managing projects and process improvements

Your profile

- Relevant work experience in either financial markets or commodities preferred
- The ability to work independently to deadlines and coordinate tasks internally and with external partners
- A motivated individual who is willing to learn and has excellent communication skills
- A good character who can positively contribute to a good team spirit
- Able to work in shifts
- Perfect command of written and spoken English; ability to write and speak any Asian language a bonus

We offer you

- The opportunity to be part of a successful team in the commodities industry
- A pleasant atmosphere in an international team
- Flexible working arrangements
- Continuous training offers for your personal development
- Fair compensation and benefits package
- Mentorship and guidance and the ability to understand the commodities market better
