

## Cleartech Portal 2021.3 Upgrade

As part of an upgrade, an update for the Cleartech Portal to Version 2021.3 will be released by **9 May 2021**. No downtime is expected.

### 1. Portfolio Modeller

Up-to-the-moment analysis of all positions that have been processed through the platform.

Various metric such as absolute position, initial margin requirements, profit & loss.

### 2. Rejected Trade Resubmission

Brokers can resubmit a rejected trade by using a new “Resubmit as a new trade” option which will create a pre-filled trade entry with the same details and is linked to the original rejection.

If you encounter any issues, you can reach EEX Asia Market Operations at **+65 6206 9828** or via email at [marketops@eexasia.com](mailto:marketops@eexasia.com).

Refreshing your page (Ctrl+F5) or logging out and back in prior to use is recommended. Thank you for your continued support.
