

## Cessation of Multi-Exchange Trade Registration Support Service

Cleartech will be discontinuing support of the trade registration service for clearing into Clearing House Partners other than ECC with immediate effect. Existing customers who are utilising the service will be provided with a 6-month notice period to transition to an alternative solution. The service will be terminated on 1st November 2021.

EEX and EEX Asia trade registrations for clearing into ECC will continue to be supported on the Cleartech Portal for free with no impact for all our customers.

For any queries, please contact EEX Asia Market Operations at **+65 6206 9828** or via email at [marketops@eexasia.com](mailto:marketops@eexasia.com), who will be able to put you in touch with our dedicated sales team.

Thank you for your continued support.
